Product Data Sheet

ACDC

Description:

A descendent of Cannatonic, ACDC boasts some of the highest CBD concentrations available, often producing zero psychoactive effects. It produces calming, soothing effects and features earthy, skunky, sweet, cherry flavor notes.

Dominant Terpenes:

Myrcene (20-50%), Alpha Pinene (20-50%), Caryophyllene (10-20%), D-Limonene (5-10%), Beta Pinene (5-10%), and a blend of Sabinene and other minor terpenoids/ flavor isolates with <2% Artificial components

Mood Orientation: Relaxed

Specification (as manufactured):

Appearance	Colorless to yellow clear liquid
Aroma	Earthy, Skunky, Sweet, Cherry
Flavor	Earthy, Skunky, Sweet, Cherry
Specific Gravity @ 25°C	0.83-0.87

Storage:

Store flavor in airtight, sealed containers at ambient temperature (<22°C/72°F) and <60% relative humidity. Avoid exposure to light, air and high heat. Once containers have been opened, maintaining minimal headspace and storing under appropriate conditions will aid in preserving the product’s integrity.

Shelf Life:

Typical shelf life is 1 year from date of manufacture when stored in original container and under recommended storage conditions.

Food Ingredient Declaration For Customers¹

Natural & Artificial Flavor (FDA)

This flavor contains ingredient(s) which are approved for use in a regulation of the Food and Drug Administration (FDA) and/or are listed as Generally Recognized as Safe (GRAS) on a reliable, published industry association list pursuant to 21CFR101.22.

Nutritional Contribution:

The nutritional content of flavor additives does not contribute to the nutritional value of foods, due to the extremely low use level. Therefore, pursuant to 21CFR 101.9 (i) (4), flavors are exempt from nutritional labeling. Nutritional data is available upon request.

Regulatory Status:

Flavor	
USA Regulated Allergens ²	
International Regulated Allergens ³	
Country of Maufacture	USA
Other	Contains Myrcene

1. USA labeling recommendations are pursuant to 21CFR 101.22 (k) (2). Label declaration requirements vary significantly in different countries. These label declarations should not be used or adopted without confirming that the declaration is appropriate and legal for the subject country and intended application.
2. Crustacean, Egg, Fish, Milk, Peanut, Shellfish, Soybean, Tree Nut, Wheat are allergens recognized by the USA Food and Drug Administration Food Allergen Labeling and Consumer Protection Act of 2004 (FALCPA).
